Requests orders of Govt sanctioning the enlistment of Special Sanitary police Consisting of one Duffedar and 4 Constns for a period of one year as resolved by the Bll Council at their meeting held on 27 3 55-

Re letter of the Bll Commr as per perusal He has reported that the Committing of Nuisance and defacating in the Streets, Selling of Cut fruits, and encroachment by Street-Vendors on the foot paths are on the increase Repeated instructions and warnings issued by the Health Staff and even evening raids have not had the desired effect Though there are a number of Urinals, public latrines etc. the public do not avail themselves of the facility Vending of Cut fruits near Schools have been the Cause of many diseases like Diptheria etc further encroachment of foot paths as causing obstruction to movement of pedestrians

2) It was further stated that as per G O No L 4428-80/111 11-Feb-27 Dy 27 4 46 the Sanitary police staff Consisting of one Duffedar

and nine Constables had been maintained during the year 1947-48 and that the continuance of this staff was not pursued in later years

3) The Managing Committee and Council examined the proposals for the maintainance of Sanitary police staff and approved of them by the P.W.C. at their meeting held on 27.3.55 for a period of one year

4) The P.W. Comm. Requests sanction to the above prop..

5) The proposal of the P.W. Council for the maintainance of Sanitary police staff consisting of one first-class Duffedar on Rs 40/- plus Local Allowance of Rs 2/- Dress allowance of Rs 2/- and the city allowance of Rs 2/- in addition to Dearness Allowance and four Constables on grade Rs 22 - 1/2 - 32 - 1/2 - allowances of Rs 2, 1, and 2 respectively for a period of one year may be sanctioned A

6) It is stated that due provision is made for this under E2(a) 6(a) in the Budget Estimates for 55-56

7) The proposal at A may be sanctioned for a period of one year in the first instance

15) The Municipal Commissioner, City Municipal Council Mysore, in his letter No C2 PR 22-C 32/55-56 dated 6-4-1955 to the Secretary to Government, Education Department, states that the Police staff is required for the following duties

1 Prevention of sale of cut fruits on the streets and near schools

2 Prevention of encroachment by street vendors on the foot-paths

3 Prevention of defecation on the streets

4 Prevention of commission of nuisance on the street i e , not availing the use of public latrines and urinals

5 Prevention of obstruction to the movement of pedestrians on the footpaths

16) Prevention of sale of cut fruits would fall under the purview of the ordinary duties of the health staff. Encroachment would ordinarily fall under Civil law Hence these two items would ordinarily be outside the purview of the Police The Municipal authorities may therefore make their own arrangements for this purpose

17) Items 3, 4 and 5 referred to above are duties which can be assigned to the Police officers and this can be undertaken in a concentrated manner if the special staff be employed The staff should be entirely under police supervision and administration the cost being met out of the Municipal budget

18) In this connection, I wish to state that Mysore City has been divided into two Divisions for purposes of Police administration Each division is in charge of a Police Inspector The staff proposed by the City Municipality is 1 Daffedar and 4 Police Constables I consider it is inadequate for the purpose I propose that for the items of Police work referred to above, a staff of 1 Daffedar and 2 Police Constables be appointed to work under each Divisional Inspector so that the work of the special Police may be properly supervised by the jurisdiction Police officers The staff required therefore is 2 Daffedars and 4 Police Constables This proposal to sanction an additional post of Daffedar entails a slight increase in the cost to be borne by the Municipality,

H11/HA Appt of Sanitary Police Mysore City

but the increase is essential in view of the advantages, in as much as the work will be more effective by having a set of staff of 1 Daffedar and 2 Police Constables for each Division, instead of having no division of work and entrusting the work to only 1 Daffedar to supervise the duties of the 4 P Cs in the whole City area The staff will be attached to the proper Police Stations in Mysore City

19) A statement showing the correct amount of cost to be borne by the Mysore City Municipality is enclosed

Sir,

Subject Appointment of Sanitary Police

The committing of nuisance and defacating in the streets, selling of cut fruits, and encroachment by street vendors on the foot paths are on the increase Repeated instructions and warnings issued by the Health staff and even evening raids have not had the desired effect Though there are a number of urinals, public latrines etc , the public do not avail themselves of the facility Vending of cut fruits near schools have been the cause of many diseases like Diptheria et Further, encroachment of foot paths is causing obstruction to movement of pedestrains

With the help of the local police officers, raids, have been done repeatedly But they have not brought about a permanent improvement Immediately the raid is over, the people revert to their habits, especially as they know that there is no full time machinery to keep a constant watch The Health staff of the Municipality and the police staff cannot be expected to devote their entire attention only to this work. For other reasons Sanitary Police Staff consisting of one Duffedar and nine constables had been entertained during the year 1947-48 as per G O No L.4423-30/M1 11-46-27 dated 27th September 1946 But the continuane of this staff has not been pursued in later years Therefore the Managing

Managing Committee and the Council examined the proposals recommended by the Budget Health Committee for the entertainment of Sanitary Police Staff consisting of one Daffedar and four constables who could be entirely entrusted with this work. The employment of this special staff also helps the expeditiously launching of prosecutions. For these reasons the proposals were approved by the Council at their meeting held on 27-3-1955 for a period of one year as recommended by the Managing Committee. While passing the resolution, the Council were made aware of the fact that the disciplinary control over the above establishment will be exercised by the officers of the Police Department as in the case of other lent establishments of that department.

Due provision is made for this under E2(a) 6(a) for one first class Duffedar on Rs. 40/- plus Local allowance of Rs. 2/- Dress allowance of Rs. 2/- and the city allowance of Rs. 2/- in addition to dearness allowane and also for four constables in grade Rs. 22-½-32 with allowances of Rs.2,1,and 2 respectively for the above items.

I enclose a copy of the resolution and request that orders of Government may kindly be obtained sanctioning the entertainment of the above staff for a period of one year.

Yours faithfully,

Subject - Appointment of Sanitary Police in Mysore City Municipality

Sir,

With reference to your letter No C2 P R 22-C 32/55-56 dated 13-5-55, on the above subject, I am directed to state that the Inspector-General of Police, who was consulted in the matter has also suggested as follows -

1) The Municipal Commissioner, City Municipal Council, Mysore in his letter No C2 P R 22-C 32/55-56 dated 6-4-55, to the Secretary to Government, Education Department, states that the Police staff is required for the following duties

   (i) Prevention of sale of cut fruits on the streets and near schools,

   (ii) Prevention of encroachment by street vendors on the foot-paths,

   (iii) Prevention of defecation on the streets,

   (iv) Prevention of commission of nuisance on the street, i e , not availing the use of public latrines and urinals,

   (v) Prevention of obstruction to the movement of pedestrians on the foot-paths

2) Prevention of sale of cut fruits would fall under the purview of the ordinary duties of the health staff Encroachment would ordinarily fall under Civil law Hence these two items would ordinarily be outside the purview of the Police The Municipal authorities may therefore make their own arrangements for this purpose

3) Items, (iii), (iv) & (v) referred to above are duties which can be assigned to the Police Officers and this can be undertaken in a concentrated manner if the special staff be employed The staff should be entirely under police supervision and administration, the cost being met out of the Municipal Budget

I am to request you to be so good as to furnish your opinion on these suggestions of the Inspector-General of Police

Yours faithfully,

(V Hanumanthappa)

Reference Your letter No L 2771/CM 24-55-87 dated 13-6-5

The idea of the Inspector General of Police seems to be that the police can attend to points(iii)(iv) and(V) abstracted in his letter and not the other two items But it may be stated that items (i) and (ii) are only sub items of item No (v) For prevention of the sale of cut fruits near schools and encroachment by street vendors are incidental to prevention of obstruction to the movement of pedestrains on the footpaths No extra effort need be made by the Police Staff on this account and items No (i) and (ii) get attended to simultaneously while atterding to iter No (v)

As regards the administrative control, etc , reference is invited to the last sentence of the 2nd para of my letter No C2 P R 22 C 32/55-56 dated 7-4-55 wherein it is stated that the Council are made aware of the fact that disciplinary control over the establishment will be exercised by the officers of the Police Department etc

In these circumstances orders of Government may kindly be obtained sanctioning the proposal of the Council

The above letter came up for consideration of the Council at their meeting held on 6-2-1956 They wished to bring it to the kind notice of Government that sanitary police staff consisting of 1 Daffeder and 9 constables sanctioned in Government Order No L 4428-30/M 1 11-46-27 dated 27-9-1946 worked for a period of about 7 months only from October 1946 to April 1947 were disbanded and they had not so far been entertained As such the question of discontinuing their services does not arise They wished to bring to the kind notice of Government that the appointment of ~~sanitaryng~~ sanitary police staff is more advantages than the Health staff for more reasons than one The public will fear more to the police than the sanitary staff Any offender may be booked at the spot and was be produced before the Magistrate on the same day for offences committed as is being done in the police department In a Municipality sanction has to be taken for prosecution from the Commissioner and after placing charge sheet notices will have to be issued to the offender to appear before the court All these formalities will not help expedites disposal of offences and it is not possible to expect salutary effects from such an arrangement.

The Council have therefore approved of the Health Officer's note
